About Twelve Trader

Twelve Trader does not provide any financial services directly. Our vehicle finance providers are registered financial services providers.

Please note that your personal finance example and monthly repayment are designed to give you an indication of how much you may expect to pay for your loan. Due to the many factors involved in vehicle finance, AutoWallet can't guarantee being able to obtain a loan at the quoted rates/prices. AutoWallet staff will always try to obtain the best deal for you based on all your circumstances.

Blockchain

A blockchain is a chain of blocks, where each block contains a list of transactions. These transactions are secured using cryptography and are linked to the previous block, forming a chain. One of the key features of blockchain is its decentralized nature. Instead of a central authority (like a bank) validating transactions, the validation is distributed across a network of computers (nodes).

Octa-FX Copy Trading

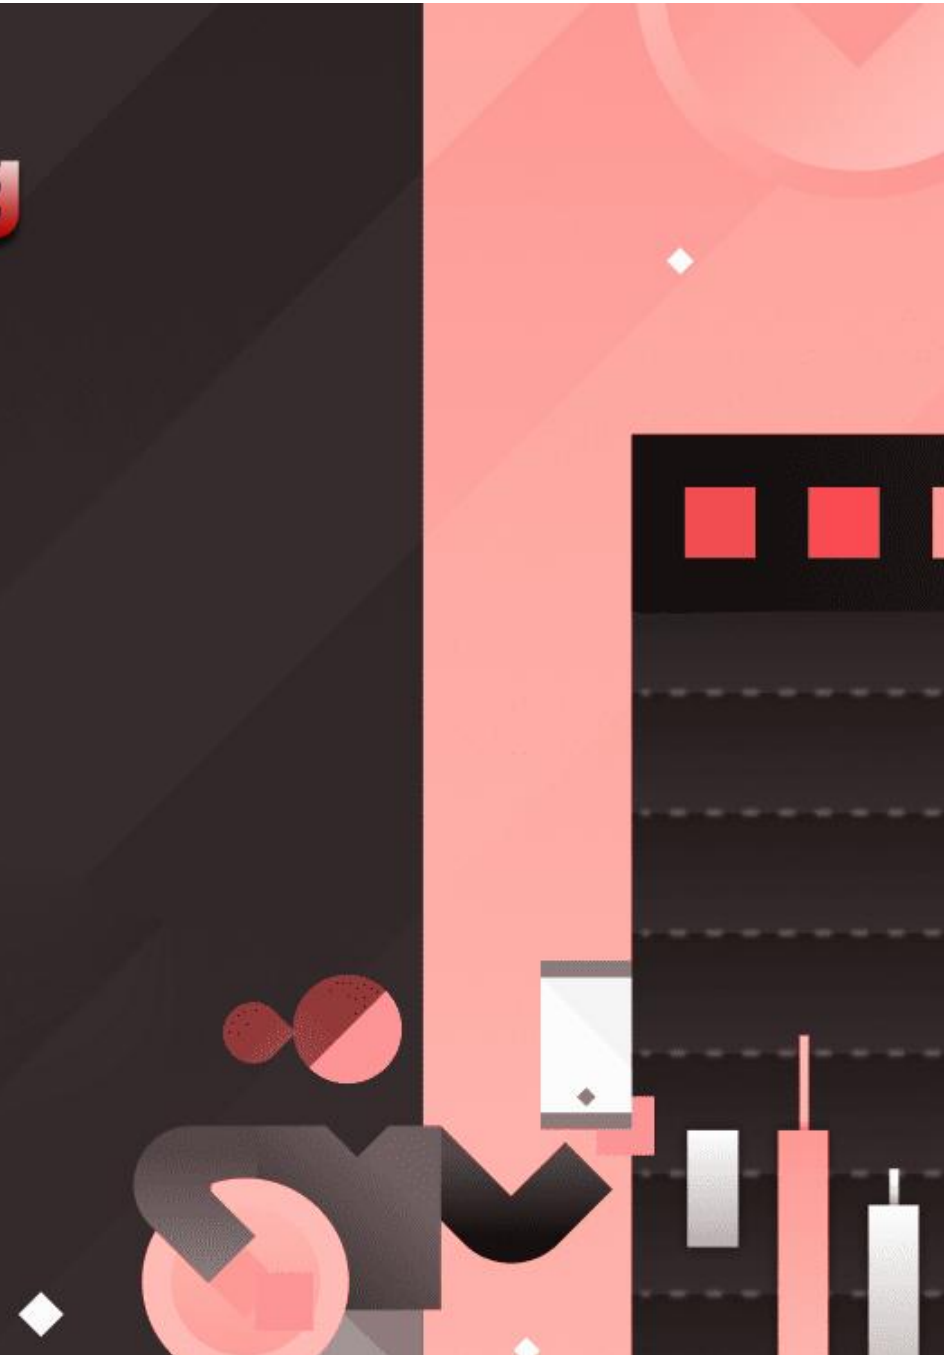

We ensure clear and accurate management of your funds, transparent and profitable terms for trading, and for all other tasks our service is easy-to-use, where nothing distracts you from earning profits. . We help you develop the knowledge and skills to trade efficiently and responsibly. Through continuous efforts, we improve our terms and standards every year to ensure your trading experience with Octa, the #1 Forex broker on the market, is the best.

Binance Futures Trading

Binance Futures is a derivatives trading platform offered by Binance, one of the world's leading cryptocurrency exchanges. It allows traders to speculate on the future price movements of cryptocurrencies by buying and selling futures contracts.

It's very important to note that using high leverage carries high risks and shouldn't be done by inexperienced traders. It's not advisable to use anything above 5x, and even that seriously increases the risk of capital loss.

Director

“Income Money, the apprenticeship of life is not learning; it is the exercise and development of the powers of mind, the refinement of heart and the discipline of the spirit.” The real objective of education is to give one ,the resources that will endure as long as life endures, The habits that time will ameliorate so as to prepare one to meet the crucial demands of life.
